How to Link Bank Account to eWallet

1. Click on My Account.

2. Choose “Profiles” tab.

4. Add all your banking information and then click ‘Continue’.

5. On the next page verify all the information, check box “I authorize” and click “Finish”.

6. If your bank account is not automatically verified please provide bank statement, voided check or letter from your bank including your account information as it was provided in your eWallet account. You may upload document to eWallet or email it to HODOglobal@globalewallet.com. Please allow up to 2 business days for verification of document.
